Dear Member:

This is to welcome you as a Plan Member in the Fortement Association Trusteed Pre-Paid Legal Plan. Inasmuch as you have elected this coverage we request that you confer with a member of the law firm listed on your membership card.

If you have any questions concerning the extent of your service or if you note any errors in your membership card, you are urged to contact the Fortement Association at the above number.

In the event you are outside of your service area and need legal representation, please contact the Fortement Association so that we can direct you to a law firm in that area.

The services made available under your Plan are for your benefit. Remember, however, the old adage - an ounce of prevention is worth a pound of cure. If you are about to enter into a major transaction involving financial obligation, you might find it helpful to consult your attorney before signing rather than after. This is called preventive law. Use it to your benefit.

Wishing you all possible success, I remain.

Very truly yours,

George Blood
Chairman

This is your membership card. Tear off, fold here, sign and carry it with you.
